September 2015 Newsletter

www.blandfordheartforum.org.uk

Dear Members,

I hope you have enjoyed the Summer season, despite the rain in August which for those gardeners among us was a grateful arrival in reviving our flagging plants..

Our AGM will be on the 17 September (Thursday) at 2.30 PM in the Studio in Common Lane, Blandford. We are fortunate in having Fraser Witherow as our speaker for the afternoon. Fraser as many will know, is an eminent Cardiologist at Dorchester County Hospital. You may recall that he gave us a very memorable talk about his work about 6 years ago at an earlier AGM. We are most grateful to him in giving his valuable time to be with us on the 17th. Please make every effort to be there !!

Our speaker on the 16 July, Allan Peters, a retired Royal Protection Officer, gave us a truly fascinating talk about his experiences between 1981 and 1989. During this time, he had special responsibility for the protection of Princess Diana. It was disappointing that so few were at the meeting to hear this talk.

For your calendars; please note the following dates of our future meetings;-

15 October; Our speaker will be Tracey Palmer who is a Stroke coordinator for the Stroke Association.

19 November; Our speaker will be Stewart Burman who will be talking about the work of the British Legion.

All Good Wishes
